

Available Positions: [IT Project Management & WEB Engineer](#)

AFCEA Energy is generating substantial interest from industry, government, and the AFCEA International global community. With this in mind, we are interested in recruiting the best of the best to support our committees and strengthen our Chapter.

We would like to take this opportunity to extend an invitation to you to participate on the AFCEA Energy's Technical Committee. We are interested in hearing from you or anyone else from your organization that is able to fill any of the current IT Project Management & WEB Engineer positions available within the following functional areas:

Primary Mission Critical WEB Support Functional Areas:

- Assist in project management and implementation of WEB DBMS to manage, publish and automate WEB articles, event news, etc.
- Assist in project management and implementation of e-commerce and WEB based Secure Member login/management backend for on-line registration, sponsorships and memberships.
- Assist in project management and implementation of WEB based social media collaboration and technologies to include: virtual meeting rooms and conferences, 2nd Life Technologies, shared calendar and folders, articles, news and events, discussion threads, streaming news and video feeds, RSS feeds to Facebook, LinkedIn, Twitter, etc.

For more information and immediate consideration, please contact **Brian K. Chaney** at (301) 841-7081, or email: bchaney@afceaenergy.org for details.

Thank you again for your generous time and commitment to making AFCEA Energy a success!
